English (United Kingdom)

WelcomeBlock 12

Thank you for participating in this research questionnaire survey on the assessment of the acoustic environment of public spaces in Hong Kong. This study aims to understand people's perception and evaluation of the acoustic environment of public spaces in Hong Kong. Your participation is of great significance to improving the quality of the urban acoustic environment.

Participation Instructions:
During the questionnaire, you will watch **two sets of live videos of different public spaces in Hong Kong (bridges and parks) at different times of the week** . Please imagine yourself in the video scenes, paying special attention to **the sound elements in the environment** . Please answer the relevant questions based on **the sounds in the video and your overall feeling of the surrounding sound environment**. The whole process takes about 15-30 minutes.

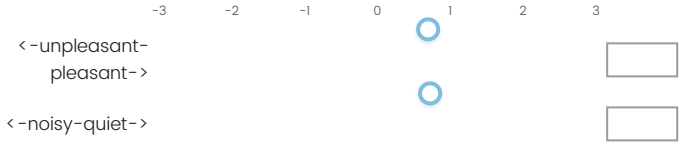

Informed Consent:
• This study has been approved by relevant ethical review.

During your visit, have you been to **Mongkok Footbridge** or **Kowloon Cornwall Park**?

- Yes to both
- Mongkok Footbridge
- Kowloon Cornwall Park
- Neither

Where else did you visit?

Please take a moment to imagine about Hong Kong... what do you feel about the sound environment?

• Your participation is completely voluntary and you can withdraw at any time.
•All collected data will only be used for academic research and will be kept strictly confidential.
• The questionnaire is anonymous and no personal identifiable information will be collected.
• The research results may be published in academic journals, but only statistical data will be presented.

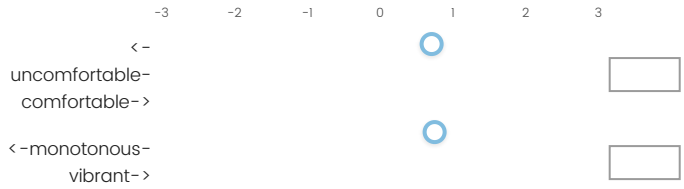

By clicking "→", you agree to participate in this study and have understood the above content.

旅游信息

Have you visited Hong Kong before?

- Yes
- No

If you could visit Hong Kong, where would you like to visit? (please write 2-5 preferences)

MK

Imagine you're in Mong Kok, Hong Kong, standing on the pedestrian bridge that connects two metro stations (Mong Kok Station and Mong Kok East Station). There are three distinct locations on this bridge:

MK-1: A corner of the bridge near a construction site with moderate foot traffic
MK-2: An intersection of the bridge with heavy foot traffic
MK-3: A newly constructed bridge section with modern facilities and relatively high foot traffic

Which location would you choose for a soundscape experience?

- MK-1
- MK-2
- MK-3

What do you feel about the sound environment?

KLT

Imagine you are in Kowloon Tong, Hong Kong, standing in the public park (Cornwall Street Park) next to Kowloon Tong Station. There are three locations in this park:

KLT-1: Park entrance, location is right next to the KLT station and exit of a shopping center. Location is where people are standing, sitting, and passing time.
KLT-2: Middle of the park. Location is on grass, on the either side, there is a pavement and workout facilities, people are spending time in the canopy
KLT-3: Further in the park. Around the location where people access, there are landscape facilities such as pond, gazebo, landscape rocks, shrubs and seating area.

Which location would you choose for a soundscape experience?

- ○ KLT-1
- ○ KLT-2
- ○ KLT-3

In the videos, on Sunday, Foreign Domestic Helpers gather in Hong Kong footbridges, public parks and subways, for accessing public space

About Foreign Domestic Helper in Hong Kong, are you informed?

- ○ I have no idea
- ○ Heard something about it but not sure
- ○ Have some understanding
- ○ I am fully informed

About the occurence of Foreign Domestic Helper in Hong Kong, how do you think about the sounds environment of their gathering? (-ve: negatively influenced, 0: zero influence, +ve: positively influenced)

	-3	-2	-1	0	1	2	3	
Comfortable					○			
Pleasurable					○			
Noisy					○			
Diverse					○			

If you have other thoughts or opinions about Hong Kong's acoustic environment or the phenomenon of foreign domestic workers gathering together, please write down your observations

总体观察-旅游

Where are you from? (please state the city and region)

How do you compare Hong Kong sound environment to your hometown?

	Much less	Less	Almost the same	More	Much more
The proportion of positive sounds (such as natural running water, birdsong, music, etc.)	○	○	○	○	○
The proportion of negative sounds (such as traffic noise, equipment noise, etc.)	○	○	○	○	○

How do you compare Hong Kong sound environment to your hometown?

	Way worse	Worse	Almost the same	Better	Way better
Acoustic Comfortability	○	○	○	○	○
Acoustic Pleasantness	○	○	○	○	○
Acoustic Multiplicity	○	○	○	○	○

Do you think the sound environment will affect your travel experience? (Please fill in the specific reason)

- ○ Very
- ○ Somewhat
- ○ A little
- ○ Not at all

个人信息

What age group do you belong?

- ○ 17 or below
- ○ 18-24
- ○ 25-34
- ○ 35-44
- ○ 45-54
- ○ 55 or above

Gender

- ○ Male
- ○ Female
- ○ Prefer not to say/other

What is your academic background? (Feel free to provide your field of study or leave blank)

- ○ Primary or Secondary School
